

Crocodile Guidelines

The Crocodile is large inflatable raft. It is a 55-foot structure that extends out to the deep end of the pool. The water depth is between 4 and 9 feet. All users should be swimmers or wearing a lifejacket.

If the Lifeguards cannot determine the swim level of the swimmer the swimmer may be asked to perform a swim test.

Only 1 person on the raft at any given time. Age and size will determine how many swimmers the guards allow on.

Lifeguards will let swimmers on in an orderly fashion.

Children under 6 and non-swimmers must be accompanied in the water by a parent who will assist the child in getting up on the Crocodile. It is also recommended the child wear a lifejacket because the slide is in 9 feet of water.

No Rough Horse Play will be tolerated. No pushing or shoving or trying to lift the raft to dislodge swimmers.

No Diving or Flipping off the raft. Headfirst entries can result in spinal injury.

Do not hold on or pull on the straps. Ask for assistance.

Use caution around anchors and ropes.

Do not swim under the inflatable.

In case of deflation jump off immediately to prevent from being trapped.

Stay clear of air tubing.

Slide Rules

Only one person down the slide at a time

Feet First ONLY!

Only go when the slide area is clear

No Diving Off the Slide

The slide will not function correctly under excessive loads. Users should not weigh more than 80 KG or 176 pounds
